

**POLICY FOR HEALTH AND
SAFETY AT WORK FOR
AB INDUSTRIE TECHNIK SRL**

“Nothing is more important than the health and safety of workers, therefore our priority objective is a safe and healthy workplace.”

AB Industrietechnik Srl, considering the purposes and the context in which it operates and the strategic guidelines established, has implemented a management system for health and safety at work with the aim of:

- provide workers with safe and healthy working conditions to prevent injuries, accidents and work-related illnesses;
- meet the legal requirements and other applicable requirements (e.g. contractual agreements with third parties);
- where possible, eliminate the dangers at source and/or reduce the risks of health and safety in the workplace;
- raise the organization's safety culture;
- disclose the Occupational Health and Safety Policy to its employees, customers and suppliers;

The Management undertakes to implement the above and to pursue the continuous improvement of the Occupational Health and Safety Management System through:

- the setting of specific objectives for health and safety at work and in particular the challenging objective of zero accidents;
- consultation, involvement and participation of workers and their representative;
- constant communication between the various company subjects, in order to encourage active involvement of the entire company organization;
- strengthening the corporate culture in particular of the behavioural aspects put in place by the workers.

AB Industrietechnik Srl undertakes to communicate this Policy within the organization, make it available to interested parties and, if necessary, review it periodically.

The Management
