

# RB3

Relay module for Regio RC-...F... controllers

RB3 is a relay module with three relays for controlling fans in fan-coil units.

- DIN-rail mounting
- Three closing relays, 230 V AC, 4 A

- Voltage step-up relay for 230 V in fan-coil applications

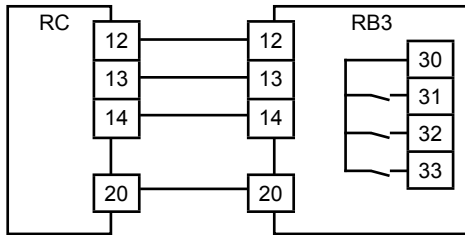

RB3 is a relay module with three relays for controlling fans in fan-coil units. It is intended to be used together with Regio's Regio RC-...F... controllers.

RB3 is mounted on a DIN-rail in a cabinet or other casing.

## Technical data

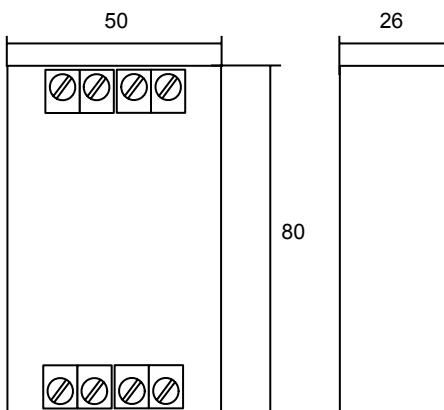

Inputs	Three inputs, 24 V AC, from Regio or other controller
Relay outputs	Three closing relays, 230 V AC, 4 A
Protection class	IP00
Mounting	DIN-rail mounting
Cable connection	Screw terminals
<b>CE</b>	This product conforms with the requirements of European EMC standards CENELEC EN 61000-6-1 and EN 61000-6-3, and the requirements of European LVD standard EN 60669-2-1. It carries the CE mark.

## Wiring

12	Control input relay I
13	Control input relay II
14	Control input relay III
20	Control input common 24 V AC
30	Common relay I, II, III
31	Output relay I
32	Output relay II
33	Output relay III

## Dimensions

mm
